Top Skills

Machine Learning
data scientist
Python (Programming Language)

Certifications

Applied Plotting, Charting & Data Representation in Python
Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization
Convolutional Neural Networks
Applied Machine Learning in Python
Machine Learning

Islam Elsayed

AI trainee at ITI | Machine learning engineer | Machine learning intern at Tekomoro
Alexandria

Summary

I love writing code. Ever since writing my first program in python and manipulating it to produce a desired output, I have been obsessed with the idea of using software to solve practical problems. I believe in the power of programming to transform and improve the lives of people around the world.

I am a data scientist, I graduated from faculty of electronic engineering computer science department. I love programming. I have very good skills of using python in programming and working with datasets. I also have good skills in data analysis and data wrangling using python and SQL. I have done many projects in data analysis which made me have good experience working in this field. I also can work with data analysis tools like Excel, Power BI and Tableau.

Skills: python, C\C++, SQL, Git, Excel, Power BI, Tableau, web scrapping, data analysis, Machine learning.

Experience

Tekomoro
Machine Learning Intern
October 2021 - Present (3 months)
Cairo, Egypt

Education

Information Technology Institute (ITI)
Artificial Intelligence · (April 2021 - December 2021)

Udacity
Nanodegree program, Data analysis · (November 2020 - March 2021)
