Loai Mohamed

junior data analyst
Giza

Summary

I am freshly graduated from the faculty of science department computer science, I am a junior data analyst Freelancing for now.

Hardworking and creative personality, I'm a Data Analyst with strong knowledge of python. I have worked on various projects and different datasets.

I am enjoying learning something new every day as with every single position I am working on I acquire experience about the roles and duties of the new position through my reading the job description and surfing the internet to know more information about the position.
