Ahmad Mohammed Abdelhameed

Searching for Data Scientist | Machine Learning Engineer position
Dubai

Summary

I'm a machine learning researcher with experience in executing data-driven solutions to increase the efficiency, accuracy, and utility of internal data processing. Experienced at collecting, analyzing, and interpreting large datasets, developing new forecasting models, and performing data management tasks to deliver insights and implement action-oriented solutions to complex business problems. Possessing extensive analytical skills, strong attention to detail, and a significant ability to work in team environments, I presently looking for a Data Scientist position with a forward-moving company

Experience

Amazon Web Services (AWS)
