Eslam Ahmed

Technical Lead at Epsilon AI Institute

Egypt

Summary

To give you a brief overview of my skill set, I have a solid understanding of computer science.

Worked in Back end Development for 8 years and working on AI field for 3 years.

Have great knowledge working with Open-CV, Deep Learning including tasks like classification /

Object detection / Segmentation / Generative models / Style Transfer and Face Detection.

Also know a lot about Machine Learning, also I know a little about Speech processing.

I am a fast, flexible code agnostic and hard worker learner.
