AWS Certified Machine Learning – Specialty

Amr Helal

CEO and founder of DotPy Deep learning and Machine learning school

6th of October

Summary

Throughout my career I have participated in various competitions and student organizations for
providing both technical and management help with a track record of delivering excellent,
readable, easy to use machine learning, deep learning models and controlling software for
highly regulated and global competitions such as Google Solution challenge, and that had me to
win numerous awards both globally and locally
